

Who is representing your right to participate in dipnet fishing?

WE ARE – the South Central Alaska Dipnetters Association (SCADA)

Please join SCADA today.

We need your support to continue protecting and preserving the rights of the 20,000+ households in South-central Alaska that value the personal use fishing, and need to put fish in their freezers.

At the 2008 Alaska Board of Fisheries meetings, SCADA successfully stopped:

- A proposal to reduce household and dependant's bag limits
- Proposals to close or limit the amount of time and the areas where person use fishing is allowed

YES, I want to join South Central Alaska Dipnetters Association (SCADA)

Name: _____

Address: _____

Phone: _____

Email: _____

\$10 Individual Member

\$20 Family Membership

Return this form with your check to:

SCADA, P.O. Box 873641, Wasilla, AK 99687

Call us at (907) 715-8363 or email us at Federico@ptialaska.net

Representing your right to participate in dipnet fishing

Even though the Alaska Constitution states "no exclusive right or special privilege of fishery shall be created or authorized in the natural waters of the state," there are plenty of people who think that Upper Cook Inlet dipnetters do not have a right to share in our fisheries resources.

"The Upper Cook Inlet personal use fisheries are a gift from the commercial fishing community. We own those fish."

Steve Vaneke, **commercial setnetter**, Ninilchik

"We are going to become more aggressive...the first step would be to call a time-out. Shutting down the personal use dipnet fishery - it is an excellent place to start."

Jim Butler, **commercial setnetter and attorney**, representing a group of commercial harvesters and processors, Kenai
